Abstract:

COST Office (2007): COST E43 "Harmonisation of National Forest Inventories in Europe: Techniques for Common Reporting"

Tartalom

Memorandum of Understanding for the implementation of a European Concerted Research Action designated as COST E43 "Harmonisation of National Forest Inventories in Europe: Techniques for Common Reporting"

A. Background

National forest resource assessments

Needs for harmonised reporting

Relevant research and development carried out

Motivation of the Action

Possible complementary with ongoing and planned research

B. Objectives and benefits

The main benefits of the Action

C. Scientific programme

WG1: Harmonised definitions and measuring practices

WG2: Harmonised estimation procedures for carbon pools and carbon pool changes

WG3: Harmonised indicators and estimation procedures for assessing components of biodiversity with NFI data

D. Organisation

E. Timetable

F. Economic dimension

G. Dissemination plan

History of the network

List of Experts

[legislation, administration, other general](#)
