 - d. Criteria under which inscription is proposed (and justification for inscription under these criteria)
3. Description
 - 3.1 Horný Les Primeval Forest
 - a. Description of Property
 - b. History and Development
 - c. Site Characteristics and Available Records
 - d. Present State of Conservation
 - e. Presentation and Promotion of the Site
 - f. Selected Literature
 - 3.2 Šúr Primeval Forest
 - a. Description of Property
 - b. History and Development
 - c. Site Characteristics and Available Records
 - d. Present State of Conservation
 - e. Presentation and Promotion of the Site
 - f. Selected Literature
 - 3.3 Primeval Forest of Kováčovské Kopce - South

- a. Description of Property
- b. History and Development
- c. Site Characteristics and Available Records
- d. Present State of Conservation
- e. Presentation and Promotion of the Site
- f. Selected Literature

3.4 Boky Primeval Forest

- a. Description of Property
- b. History and Development
- c. Site Characteristics and Available Records
- d. Present State of Conservation
- e. Presentation and Promotion of the Site
- f. Selected Literature

3.5 Kašivárová Primeval Forest

- a. Description of Property
- b. History and Development
- c. Site Characteristics and Available Records
- d. Present State of Conservation
- e. Presentation and Promotion of the Site
- f. Selected Literature

3.6 Sitno Primeval Forest

- a. Description of Property
- b. History and Development
- c. Site Characteristics and Available Records
- d. Present State of Conservation
- e. Presentation and Promotion of the Site
- f. Selected Literature

3.7 Vtáčnik Primeval Forest

- a. Description of Property
- b. History and Development
- c. Site Characteristics and Available Records
- d. Present State of Conservation
- e. Presentation and Promotion of the Site
- f. Selected Literature

3.8 Havešová Primeval Forest

- a. Description of Property
- b. History and Development
- c. Site Characteristics and Available Records
- d. Present State of Conservation
- e. Presentation and Promotion of the Site

f. Selected Literature

3.9 Vihorlat Primeval Forest

a. Description of Property

b. History and Development

c. Site Characteristics and Available Records

d. Present State of Conservation

e. Presentation and Promotion of the Site

f. Selected Literature

3.10 Badín Primeval Forest

a. Description of Property

b. History and Development

c. Site Characteristics and Available Records

d. Present State of Conservation

e. Presentation and Promotion of the Site

f. Selected Literature

3.11 Stužica Primeval Forest

a. Description of Property

b. History and Development

c. Site Characteristics and Available Records

d. Present State of Conservation

e. Presentation and Promotion of the Site

f. Selected Literature

3.12 Dobroč Primeval Forest

a. Description of Property

b. History and Development

c. Site Characteristics and Available Records

d. Present State of Conservation

e. Presentation and Promotion of the Site

f. Selected Literature

3.13 Hrončecký Grúň Primeval Forest

a. Description of Property

b. History and Development

c. Site Characteristics and Available Records

d. Present State of Conservation

e. Presentation and Promotion of the Site

f. Selected Literature

3.14 Klenovský Vepor Primeval Forest

a. Description of Property

b. History and Development

c. Site Characteristics and Available Records

- d. Present State of Conservation
- e. Presentation and Promotion of the Site
- f. Selected Literature

3.15 Padva Primeval Forest

- a. Description of Property
- b. History and Development
- c. Site Characteristics and Available Records
- d. Present State of Conservation
- e. Presentation and Promotion of the Site
- f. Selected Literature

3.16 Tlstá Primeval Forest

- a. Description of Property
- b. History and Development
- c. Site Characteristics and Available Records
- d. Present State of Conservation
- e. Presentation and Promotion of the Site
- f. Selected Literature

3.17 Zadná Pol'ana Primeval Forest

- a. Description of Property
- b. History and Development
- c. Site Characteristics and Available Records
- d. Present State of Conservation
- e. Presentation and Promotion of the Site
- f. Selected Literature
